

## Entry 9 - Lucy Seegan, “Coming Out Party”

### Bio

As a retired graphic artist of 35 years, dolls hold a special place in my heart and designing era inspired ensembles for my vintage “girls” is a passion. However, discovery of the beautiful BJD’s have inspired a whole new world for fashion that I look forward to exploring and sharing.

### A Social Debut – Debutante Ellowyne’s “Coming Out Party”

Aha! Here it is! My party of feminine rite.  
A childhood of anticipation culminates tonight.  
The room is filled with well wishers and beaus,  
Alas, still Ellowyne, I adrift in violet repose.

### Outfit

White gown with fitted bodice and ruffled skirt of iridescent organza accented with violets, ribbons, seed pears and violet crystals. Coordinating headpiece and wrist corsage.
